

The easiest, fastest and least expensive floor marking system for industrial floors. The durability and vast size of the DuraStripe program makes it the only total floor marking solution available on the market today. If you find that painting aisle striping is too expensive and involves too much downtime, the DuraStripe program is the perfect solution for your facility floors.

DURASTRIPE LEAN

- It's cheaper than painting! Now starting at less than \$0.79 per linear foot
- No dry time, cure time, or fumes means no down time
- 10 standard colors and multiple widths (2"-36")
- Easy to facilitate reconfigurations and repairs
- Simple installation, no complicated prepping needs and requires no costly specialized labor
- Backed by a solid 2-year warranty

DURASTRIPE HAZARD STRIPING

- The only 100% scratch and smear resistant "caution" striping available on the market
- Ideal for warning workers of hazardous areas
- Available in Black/Yellow, Black/White and Red/White
- Available in multiple widths (2"-36")
- Backed by a solid 2-year warranty

DURASTRIPE SUPREME V

- The Supreme V has tapered edges to eliminate potential tripping & impact hazards.
- Aggressive rubber adhesive for less than perfect floors
- Ideal for high traffic / hit zones
- Switch between 7 standard colors and multiple widths (2" & 4"), in seconds
- No dry time, cure time, fumes or mess to limit productivity
- Backed by a solid 2-year warranty

HIGH TRAFFIC / HIT ZONES

If your floors have areas of high traffic or hit zones we recommend two ideal DuraStripe products. The DS Supreme V is the superior choice because of its tapered edges, but DS Lean PUX are an excellent alternative due to easy replacement "one pux get ripped up, just replace it in seconds".
